Remarks/Arguments:

A Notice of Allowability issued for this application on January 5, 2005. In a Preliminary Amendment of September 15, 2003, a request was made to add new Table 3 to the specification, however, incorrect page and line numbers were given. The publications office has asked for clarification on where to place the new table. The table should be designated as Table 5 and placed directly below Table 4 on page 13 of the specification.

Enclosed as requested in the Email communication of September 19, 2005 is a copy of the Declaration/Power annotated as requested by Examiner to include the full name of inventor Kong B. Tan.

It is noted that we have not received a Notice of Allowability or a Notice of Fees due. The office is respectfully requested to provide these documents to the undersigned.

Respectfully submitted,
